CAREER OBJECTIVES

Develop IT solutions by designing user-friendly interfaces and engaging digital experiences. I look forward to applying knowledge in UI/UX, graphic design, and front-end development while continuously learning new technologies to strengthen skills. Committed to contributing to the organization's success by building web and mobile applications, developing prototypes, and creating innovative digital solutions that improve business processes.

SYSTEM DEVELOPMENT EXPERIENCE

- Developed a Mobile Educational Learning Application with AI-assisted Features for an Integrated School using React Native, designed to enhance learning through interactive lessons and user-friendly navigation.

- Conducted A Case Study on a Proposed Point-of-Sale (POS) System for Small Local Businesses, focusing on improving sales tracking, inventory management, and overall business efficiency.

- Developed a Food Recipe Website using HTML, CSS, and JavaScript, featuring easy navigation and interactive functions.

- Designed Posters and Brand Design using (Adobe Photoshop, Blender, Photopea, Canva) and other related tools.

- Knowledgeable in UI/UX and Graphic Design, creating user-friendly interfaces and engaging visuals to improve system usability and experience.

- Collaborated in Team-Based Projects by contributing system planning, documentation, and testing, ensuring functional and user-friendly solutions.

IT SKILLS

UI/UX & Graphic Design:
HTML, CSS, JavaScript,Bootstrap, Tailwind, Typography, Prototyping, User Research, Wireframing, A/B Testing, Usability Testing, Vector, Motion Graphics, Photo Manipulation, Layout Design
